Subject: Keep Uber

Greetings and Good Evening,

I am writing this message because I, as a proud South Carolina resident and a Citadel alumni, fully and passionately support Uber in our state. This amazing service has transformed downtown Charleston to a safer area with less traffic. There is less drunk driving because of this service, I can tell you first hand I know this city very well. Please come to your senses and realize what your residents want. Keep Uber in our state!

Best regards,

Cullen Brown, MBA

I have consistently relied on uber to be on time and cheaper than all of the other options. I feel completely safe with them, and know that I can get home quickly and without fuss. My wallet was even stolen once, but I had my phone and could still get home because of uber. Don't shut them down!

Charleston taxi services are deplorable, unreliable, and overpriced. Uber has filled a much needed niche and should be allowed to continue to operate for the good of the citizens of SC.
